

Junior Pirates Clinic

The Citiparks BIG League Program and the Pittsburgh Pirates would like to invite all Junior Pirate coaches to a free MANDATORY coach's clinic for all Junior Pirate sites. This clinic will be held at PNC Park and will consist of a DVD presentation on training techniques along with a pitching machine demonstration and a Q&A period. ALL Junior Pirate sites should send as many of their Junior Pirates coaches as possible.

Each Junior Pirate site coordinator must contact BIG by phone or email to inform us of the number and names of all your coaches that will be attending. Each coach also needs to choose which DAY they will attend. (They hope to have enough attending both days but reserve the right to combined the clinics on to one of the dates, if necessary.)

This clinic is designed to refresh, for some and introduce to others the required stations and applications of the program. This is not a clinic for the youth participants in your program, just those adults who will be taking up leadership and coaching rolls at your site.

We want to thank you for your dedication to your communities. Junior Pirates has been in operation for nearly 20 years and has been an effective tool in building feeder programs as well as providing a community gathering and support system for those involved. The BIG League and Pittsburgh Pirates look forward to continuing to support community based programming and having you attend this highly informative event.

Choose one of the following dates and let Randy Frankel (412-306-0369) which date you prefer.

- Saturday, April 26 (9:00-11:00 AM)
- Wednesday, April 30 (6:00-8:00 PM)

All attendees must report to the Press Conference Room one half hour prior to start time. Gate entrance information will be available upon reservation and although there is no fee to attend, parking is the responsibility of those attending.
