

Mass Spectrometry Discussion Group of Pittsburgh

Presents a mini-symposium on

“Diagnosis of Disease by Mass Spectrometry – Revisited”

Thursday, 14 April 2005

Mellon Institute Building, Carnegie Mellon University
4400 Fifth Ave., Pittsburgh, PA

FEE: \$10.00 (Lunch and Parking are included)

Park at Dithridge St. Garage or Soldiers and Sailors Memorial Garage (4141 Fifth Ave.).
Free parking vouchers provided at the registration desk. Enter Mellon Inst. Bldg from Bellefield Ave.
Students with ID will receive a fee refund on the day of the symposium.

PROGRAM:

-
- 12:00 PM Registration / Lunch (3rd floor Social Room by Bellefield Ave.)
- 1:00 PM Opening Remarks, Dr. Mark E. Bier, Chair SSP-MSDG (2nd floor Auditorium)
- 1:10 PM **Dr. Robert Bowser**, “Protein Biomarkers for Motor Neuron Disease: Diagnostic and Therapeutic Potentials”, University of Pittsburgh.
- 2:00 PM **Dr. William Bigbee**, “Clinical Proteomics - New Technologies for Disease Biomarkers Discovery and Diagnostic Applications”, University of Pittsburgh.
- 2:50 PM 10 minute break with refreshments
- 3:00 PM **Dr. Jonathan Jarvik**, “Mutation Detection and Assignment Using Peptide Mass Signature Genotyping”, SpectraGenetics LLC, Pittsburgh PA
- 3:50 PM **Dr. Richard M. Caprioli**, “Direct Imaging and Profiling of Proteins in Tissue Using Mass Spectrometry in Both Clinical and Biological Research”, Vanderbilt University School of Medicine
