Dear All:

#### MEETING MINUTES:

The people listed on the "To:" line of this Email were at the meeting at the 'Star of India' in Oakland on Jan 17th, 2008. They are now known as the "Planning Committee for the MSDG 2008". ;o)

We decided to organize two meetings between now and July.

#### 1. General Users "Tutorial on Top-Down verse Bottom-Up Proteomics"

Topics to be covered in the tutorial:

- a. General overview talk focused on top-down approaches and bottom-up approaches. N.K.
- b. Electron capture dissociation (ECD) verses electron transfer dissociation (ETD). D.H.
- c. Post translational Modification identification. N.K.
- d. Use in disease diagnosis or Biomarker discovery.
- e. Protein ID.

#### POTENTIAL SPEAKERS:

Neil Kellerher  
Don Hunt  
Fred Mclafferty  
?

DATE: End of April?  
LOCATION: CMU

We will need another meeting to set this up.

#### 2. MANUFACTURER'S NIGHT WITH POSTERS (from ASMS) AND A SPEAKER

SPEAKER: On ion mobility MS. Randy Pedder was looking into this at the ASMS focus meeting at Sanibel. Randy did you find anyone of interest?

LOCATION: Pittsburgh Athletic Assoc. on Fifth Ave in Oakland if possible  
DATE: JUNE 19th,2008 (i.e. 2 weeks after ASMS)

#### 3. CATALYSTS TALK (Barely discussed. We have not decided to pursuer this topic at this time.)

#### CONFLICTS WITH OTHER MEETINGS:

PITTCON MARCH 2-7, 2008  
ASMS JUNE 1-7  
ACS APRIL 6-10th  
TRIPARTITE MAY 6, 2008

Please send any corrections to me at my Email address.

Thanks for your interest and for coming to the committee meeting!

Mark
